LIVESTOCK EXHIBITION FACT SHEET
and
WHAT'S NEW FOR LIVESTOCK EXHIBITIONS IN 2024
by Dennis M. Summers, DVM, DACVPM
State Veterinarian, Ohio Department of Agriculture

The Ohio Livestock Show Reform Act authorizes the Director of Agriculture to adopt mandatory and optional rules. Mandatory rules apply to all livestock shows, while the sponsor has the option to opt out of the optional rules on an individual rule basis. If a sponsor decides not to opt out of an optional rule, the rule then becomes mandatory. The following is a clarification of how the statute (Ohio Revised Code) and rules (Ohio Administrative Code) are to be interpreted and applied at all **terminal, partial terminal, and non-terminal** livestock exhibitions in Ohio:

1. Livestock means any animal generally used for food or in the production of food, including cattle, sheep, goats, rabbits, poultry, swine, alpacas, and llamas. Equids are not considered market livestock.
2. Livestock exhibitions includes county and independent fairs and the Ohio State Fair.
3. A sponsor is any entity who conducts an exhibition.
4. The sponsor **may** opt out of any or all the optional rules at least **30 days prior to the opening** day of the exhibition (the forms are located on ODA's website: <https://agri.ohio.gov/divisions/animal-health/Livestock+Exhibitions> and must be returned to the Ohio Department of Agriculture, Division of Animal Health, 8995 East Main Street, Reynoldsburg, Oh. 43068 or cindy.bodie@agri.ohio.gov).
5. Exhibitors shall annually attend or complete a [quality assurance program](#) before exhibiting terminal or partial terminal market livestock, or at the option of Ohio State University Extension, annually pass a test administered by or under the supervision of Ohio State University Extension.
6. Exhibitors may pass a test based on age and skill level to be exempt from quality assurance re-certification. This exemption is at the discretion of OSU Extension or Ohio agricultural education.
7. Exhibitors who fail to attend or complete a quality assurance program or fail to pass the exam may be subject to the disciplinary actions listed in rule 901-19-21 of the Administrative Code.
8. Effective **April 22, 2018**, junior fair exhibitors are required to complete a [quality assurance program](#).
9. Swine being sent to a licensed livestock facility or going out of state for slaughter or commingling with other swine must be [identified](#) with an [ear tag](#) or four-digit tattoo.
10. The department does not require a Certificate of Veterinary Inspection for exhibition livestock originating in Ohio, including swine. However, an exhibition sponsor can choose to require additional regulations above those of the department.
11. Under rule 901-19-13, drenching of livestock is prohibited at an exhibition, unless prescribed by the official veterinarian.
12. Applying any physical practice, electrical or mechanical appliance, device, or appliance that enhances, transforms, or changes the true conformation, configuration, performance, physiological state, or appearance of the livestock, unless prescribed by the exhibition veterinarian for the immediate treatment and welfare of the livestock is prohibited. If such treatment is applied during the exhibition, the livestock are ineligible to be shown.
13. **Prohibited Grooming Practices** (Rule 901-19-33 of the Administrative Code) and **Unacceptable Practices** (Rule 901-19-13 of the Administrative Code) are **mandatory** and apply to all exhibitions. "Slick clipping" or "body shaving" means having hair that is less than one half inch in length on the body of market hogs.
14. Even if the sponsor opts out of one or more of the optional tampering rules, the statute **prohibits the use of any material, gas, solid, or liquid, that conceals, transforms, or enhances the true confirmation or configuration of all livestock, including by way of example but not limited to rope, false hair, graphite, and hemp.**
15. For **breeding classes**, the rules of the breed association will constitute **acceptable** grooming practices.

17. Junior market livestock shows at county and independent fairs and the Ohio State Fair are defined as either terminal or partial terminal shows:
 - partial means that at least the grand and reserve grand champion livestock are required to go to slaughter or **directly** to a licensed livestock facility for slaughter only,
 - terminal means all market livestock go to slaughter or **directly** to a licensed livestock facility for slaughter only.
18. Preview and jackpot shows, as well as breeding classes are **non-terminal shows**.
19. At all terminal, partial terminal, and non-terminal shows **urine samples** may be collected for drug testing.
20. A Drug Use Notification Form (DUNF) **will be required** to be completed for all livestock for which a test sample is collected.
21. The Director of Agriculture requires a DUNF be completed for livestock including market beef, market hogs, market lambs, veal calves, market dairy cattle, market goats, market poultry, lactating dairy animals, market rabbits, and feeder cattle. The DUNF **will be reviewed locally** (assistance will be available from the Ohio Department of Agriculture by faxing the form to 614-728-6310).
 - **NEW FOR 2024-** DUNF's are to be completed for **feeder cattle**.

25. Immediately before or during a terminal and partial terminal show and sale and within a **valid veterinarian-client-patient-relationship (VCPR)** or for a **valid medical purpose** a drug or an over the counter (OTC) drug may be used if it is:

26. The drug use notification form shall be filed with the records official **prior** to the show in which the animal is entered. If at any time, the information on the original drug use notification form changes, an updated form shall be filed **immediately** with the records official.

The preceding is not intended to be an all-encompassing review of the statute and rules as they pertain to livestock exhibitions in Ohio. THE PUREBRED DAIRY CATTLE ASSOCIATION SHOW RING CODE OF ETHICS

Adopted April 3, 2014

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring. PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall, at all times deport themselves with honesty and good sportsmanship. It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane

manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or non-approved use of drugs, medication and/or prohibited substance, or residue. The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

GROOMING AND PREPARATION

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (1994), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility.

Specifically:

1. External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
2. The maximum allowable length of naturally growing hair anywhere on the top line is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
4. Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

VIOLATIONS: FALSE, DECEPTIVE OR UNACCEPTABLE PRACTICES

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
 - a. With an irritant or counter-irritant
 - b. Using a device to artificially create or enhance the udder crease.

- c. Using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
 - d. Plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or their conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds., And/or the national dairy breed association without recourse.

EXHIBITOR RESPONSIBILITY

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

SHOW ETHICS COMMITTEE

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative (s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian, and Extension representative. The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect

VIOLATIONS: REPORTING AND INVESTIGATION

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management, and/or the Ethics Committee. Before An Animal is Shown If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management. Show management will discuss the violation with the Exhibitor:

1. If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
2. If the Exhibitor wishes to challenge that a violation occurred he/she/they will have the opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

During and After An Animal is Shown:

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milk out maybe called for. This call may be by breed association, the judge, the Ethics Committee, or show management. If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations. Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association

- Forfeiture or return of awards, prizes, premiums or proceeds;
- Written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
- Disqualification of the Exhibitor from the show;
- Publication of offense Exhibitor. Disqualification may include any or all shows and classes and may be for any number of years.

2026 BUTLER COUNTY

FFA is an intra-curricular student organization for those interested in agriculture and leadership. It is one of three components of agricultural education: Classroom Instruction, FFA and Supervised Agricultural Experience (*SAE). The official name of the organization is the National FFA Organization. The letters "FFA" stand for Future Farmers of America. These letters are a part of our history and our heritage that will never change. The FFA motto consists of only four lines, but these lines are filled with practical philosophy reflecting the spirit and sincerity that shows the true viewpoint of rural youth: Learning to Do, Doing to Learn, Earning to Live, Living to Serve".

FFA is structured by three levels: local chapter, state association and national. In Ohio over 30,000+ young people are members of 333 chapters. Agricultural education and the FFA have been represented in Butler County from the very beginning of the organization. The satellite programs through Butler Tech consist of: Talawanda, chartered in 1957, Ross, chartered in 1972, Natural Science Center chartered in 1975, Edgewood, chartered in 1981 and Madison chartered in 2025.

Agricultural Education (FFA)-4-H Youth Development Memorandum of Understanding

OVERVIEW: It is important for young people to engage in positive activities that help them develop life skills and best practices. FFA and 4-H youth programs use many successful learning laboratories to enhance youth development. These two youth organizations are strongly committed to continued member participation in such learning laboratories. The following memorandum of understanding is designed to facilitate the working relationships between FFA and 4-H, as well as other collaborators in joint learning activities.

A. AGRICULTURAL EDUCATION (FFA) - 4-H YOUTH DEVELOPMENT RELATIONSHIP

The persons supervising 4-H and Agricultural Education (FFA) youth work are expected to plan projects and programs which will supplement each other and will provide for the broad development of the individual. Acknowledgments of individual development in both organizations shall be considered in the appraisal of youth accomplishments.

Eligible youth may be members of either 4-H or FFA, or members of both youth organizations. When a youth be-

longs to both organizations, projects carried, in all cases, must be separate and different in an effort to broaden the youth's experience and learning. Examples of allowable projects taken by youth who belong to both organizations include:

When a member encounters a problem in selecting a project, a conference should be held with the member and his or her parent(s) or legal guardian(s), the member's FFA and/or 4-H advisor, and the county OSU Extension 4-H Educator to discuss the situation and resolve the problem.

4-H	FFA
Breeding Guilt	Market Hog
Market Boilers	Exhibition Poultry
Dairy Cow	Dairy Heifer
Welding (Door Stop)	Welding (Boot Scraper)
Vegetable Gardening	Agronomic Crops

B. THE FOLLOWING UNDERSTANDINGS WILL GUIDE STATE AND LOCAL RELATIONSHIPS WHENEVER 4-H AND FFA PARTICIPATE IN JOINT PROGRAMMING:

1. The names and emblems of 4-H and FFA will only be used in association with educational experiences that:
 - a. Meet the educational philosophies of youth development advocated by 4-H and FFA

 - c. Meet the laws of the State of Ohio and the United States, including but not limited to, Civil Rights, the Americans with Disabilities Act, and IRS requirements, when applicable.

2. Cloverbud 4-H members will only participate in non-competitive programs and activities.
3. Understandings related to 4-H and FFA participation in junior fairs:
 - a. Junior fairs are important educational laboratories that provide:
 - i. Vehicles for education:
 01. Teaching that enhances the learning and skills-development experiences of the youth, advisors, and families involved.
 02. Evaluation, both non-competitive and competitive.
 03. Experiential learning, applied demonstrations, exhibits, and other in situ educational activities.
 - ii. Recognition of youth involved in learning experiences:
 01. Showcase for youth exhibits, displays, demonstrations on display and viewed by the general public.

 02. Several youth organizations may be involved in these activities.
- b. The Junior Fair is one of the major components of most county and independent fairs.
- c. Local Agricultural Society Senior Fair Boards are legally responsible for all activities conducted by their Junior Fair. This includes the singular responsibility for all financial management aspects, including livestock and any other youth project sales, which are part of the Junior Fair.
- d. 4-H and FFA personnel from both organizations serve as a resource for 4-H and FFA involvement in Junior Fairs, but are not the final enforcers of Junior Fair rules and policies.
- e. The Agricultural Societies and their Senior Fair Boards do not manage or conduct FFA or 4-H programs. They are valued educational programming partners, however they do not make 4-H or FFA rules and policies.
- f. The Ohio State University Extension and the Ohio Department of Education do not manage the Agricultural Society or its Junior Fair program.
- g. The Ohio Livestock Exhibition Laws and Rules (Ohio Revised Code §901.72 Administrative rules for livestock exhibitions; Ohio Administrative Code Chapter 901:1-18 Exhibition of Animals) provide three major resources for dealing with problems related to the Junior Fairs:
 - i. RULES, promulgated by the Ohio Department of Agriculture address many aspects of livestock exhibits. These are uniform in all Ohio shows and carry the weight of law. They are enforced by the

State and can be found in the Ohio Administrative Code and Ohio Revised Code.

- ii. AGRICULTURAL SOCIETY-JUNIOR FAIR RULES are adopted and enforced by the individual county and independent fair boards.
- iii. THE MEMORANDUM OF UNDERSTANDING between FFA and 4-H outlines criteria necessary for both organizations to participate in a joint activity. The criteria addressed in this memorandum include educational philosophy, ethics, and community involvement in addition to the leadership our professional personnel will provide for professional development, research, educational design, and idea sharing.

Agricultural Education projects will be showcased in the Jr. Fair Activities Building. To enter a project, see your local FFA advisor for details and deadlines.

Butler County Jr. Fair Livestock**Sale Information:**

»Livestock Sale will be split into two rings that will operate concurrently at the conclusion of the sale of champions

»The order of the sale will be as follows:

- Sale of Champions will begin at 9:00 a.m. in the Open Class sheep barn.

- If necessary, take a 5-10 minute break to adjust for a second ring.

- Market Hogs as well as Rabbits, Chickens and Turkeys will sell in the Junior swine barn.

- All other species will sell in the Open Class sheep barn on a yearly rotation

- * Multiple buyer numbers will be accepted at the time the animal is declared sold.

- No more than 4 different buyer numbers will be accepted on any one animal with the purchase price being distributed evenly across those buyers, i.e. 4 buyers purchase an animal for \$1000.00, each buyer will be charged \$250 equally.

- Buyers groups will be accepted and welcomed under the condition that a representative collecting the monies, present that under one number, if more than 4 buyers would like to contribute, or varying amounts of donations are desired – i.e. 2 buyers purchase a project for \$400. Buyer 1 puts in \$300, and Buyer 2 wants to contribute \$100. Both will need to purchase the project under one buyer's number.

All buyer names will be recognized on all monies run through the ring -Add-ons will be allowed, however, that will occur at the cashier's station (sale office) and those names will not be recognized on the microphone or recognition board, yet will still factor in to the buyer's total contribution of the livestock sale.

- *All hogs will be loaded out sale day (Saturday) night at the conclusion of the fair activities.

- Hogs will run through the sale ring, and at the responsibility of the Junior Fair exhibitor, be returned to their pen, and the care of the hogs will be under the responsibility of the exhibitors or their guardians until the packer truck arrives that evening (this is simply to maintain a group and community effort to keep the pigs' wellbeing as our primary interest. Loading out in the middle of

the day is very stressful on the pigs, and packers will pay more for the packer bid if we load out at night).

All Junior Fair Market projects are eligible to run through the sale ring on sale day Saturday.

- Every Junior Fair exhibitor is eligible to sell up to 2 animals per species. This includes the beef department where an exhibitor can sell 2 market animals, or 2 feeder calves, or 1 of each.

- Projects will be automatically entered into the sale and it is the responsibility of the exhibitor and their guardian to pull them from the sale (if sold at the auction, projects are ineligible to show at any other junior shows).

- Exhibitors have 11/2 hrs after completion of livestock show to pull animal from sale. Sale Representatives will be at podium in show ring. If not pulled by this time, all remaining projects will be required to be sold through the Junior Fair Livestock Sale. Both the exhibitor and the parent/guardian must sign the Livestock Auction Removal Agreement

- If for any reason a packer bid would not be obtained and there would be no Junior Fair Sale Auction, it will be the sole responsibility of the owners of all market livestock to remove their animals from the Butler County Fairgrounds at their expense by no later than 12:00 midnight Saturday, the last day of the fair

- If there is no packer bid secured for a specific species, the Jr. Fair member will only receive the bid price at sale and will be responsible for removal of their animal by midnight, sale day.

- No market goats that will be going to the sale will be permitted in the show.
- The exhibitor should be able to name the parts of a saddle pack.

- The exhibitors must show their goats in a halter, a collar or a collar and a leash

Obstacle Course

- The course will consist of 5 obstacles which will test how well you and your goat work together to navigate through the obstacles. If a goat refuses an obstacle they will be given a second attempt. After the second attempt, the handler should proceed to the next obstacle.
- Goat and participant will be judged on how well they work as a team, whether they complete the course and the exhibitor's patience with his/her goat. If a tiebreaker is needed, the judge either will make each animal go around the course again or will choose an obstacle to be used as the tie-breaker. If the judge determines to use an obstacle, then this obstacle will be decided upon and announced at the beginning of the pack goat competition prior to any exhibitor starting the course.

Possible Obstacles:

- Plank — A board wide enough for the goat to walk across.
- Water — An obstacle with water for the goat to walk through.
- Jump — Some sort of jump to show the goat can maneuver a fallen object on a trail.
- Weave — Weave poles the goat should follow the handler between.

- Backing Up — The goat will have to maneuver an area while backing up.
- Distraction — Some sort of distraction that the goat should accept calmly. Possibly a loud noise, approach by another animal, etc.

Born & Raised Dairy Show

For Dairy Heifers ONLY

WILL FOLLOW JR SHOW RULES

Butler County Sheriff's Office

705 Hanover St. Hamilton, Ohio 45011 (513)785-1300

Sheriff Richard K. Jones

Members of the Butler County Sheriff's Mounted Patrol are primarily "Honorary Special Deputies" serving entirely as volunteers. These Deputies must meet the same qualifications as any other employees of the Butler County Sheriff's Office. They must pass a thorough criminal background check, financial background check, drug screen and also a horsemanship test, before being placed on the Mounted Patrol.

Each horse and deputy goes through training and certification and can only be used for the Mounted Patrol upon completion of this training.

Deputies on horseback fill a much needed role during events with large numbers of people, especially those containing groups with contrasting views. All riders and horses are highly trained to withstand hostile contact with large crowds.

In addition to the function of crowd control, the Mounted Patrol Unit is also used during searches when someone flees from a crime scene or when an inmate or criminal escapes custody. They are also used for security purposes at major events, such as the Butler County Fair. Additionally, they are present at a large number of parades and other public appearances.

Mounted Patrol is always a parade favorite.

EquiSTEP replaces the statewide requirement of reading the *Horses, Safety, and You* (191R) resource and viewing the *Every Time, Every Ride* and *Horses, Kids, and Ethics* videos for youth and their families who are new to the 4-H horse program.

The EquiSTEP curriculum focuses on helmet safety, equine safety & handling, equine health & nutrition, and sportsmanship. It is designed to rotate topics every year.

STEP 1: Head (Helmet Safety Video)

- Every Year

STEP 2: Hands (Equine Safety & Handling)

- YR 1 Equine Behavior
- YR 2 Safety & Handling
- YR 3 Tack & Equipment

STEP 3: Health (Equine Health & Nutrition)

- YR 1 Assessing Horse Health
- YR 2 Preventative Health
- YR 3 Nutrition

STEP 4: Heart (Sportsmanship)

- YR 1 Winning & Losing
- YR 2 Discipline vs. Punishment
- YR 3 Handling Adversity

EquiSTEP is designed to be completed online by each participant individually through Scarlet Canvas of administered in a group setting by a county 4-H educator to their participants, similar

to QA for livestock market projects. **This must be completed by May 1st by ALL Horse Members Every Year.**

To complete EquiSTEP individually, a participant must enroll using their own unique email address. (Participants should not use their school email addresses as the course enrollment invitation will be blocked by the school's email system). Participants must view all five videos (Introduction and STEPS 1-4) which last approximately one hour in total. Once the videos are completed, participants will be able to access the 10-question quiz. Participants must complete the quiz associated with the training and achieve a minimum score of 7 (out of 10) in order to pass the training. Once the quiz is successfully completed, participants will need to complete the course survey to trigger a certificate of completion. The certificate will be emailed to the participant's email address as well as their county's 4-H Extension Agent. The participant must select their correct county to trigger the email to the correct email address and they must click on the submit button at the end of the survey to trigger the email.

Horseless Horse Project Guidelines

It is recommended and encouraged for members taking this project to read the Beginning Horse Management Project Book (#174). A Horseless Horse Project Book (#173) is available for your reference, however, that book will not be used as part of Judging. Fair Judging will take place in the Event Center, Friday before Fair. An online sign-up program will be used to schedule your interview time. An email will be sent to you explaining the sign-up process. Project topics may be any Horse Related topic of your choice. Projects must be on a Standard Size Poster Board, 22"x28". Interviews should be 5 to 7 minutes in length. Part of the judging process is Dress Code. Proper English or Western Attire must be worn. This includes hat/helmet, long sleeve collared button-up shirt, jeans/breaches, and boots. (Belts are optional). Projects will be disqualified if members are not in appropriate attire. At the completion of your interview, Jr Fair Board members will collect your poster and place it in the Youth Exhibitor Building for display. The awards ceremony will be held Sunday in conjunction with Special Interest & Shooting Sports in the Event Center. Youth taking the Horseless Horse Project that are members of a horse club, shall appear for

the horse test on Saturday with your club members.

Judging will be separated into Junior (8-13) and Senior (14-18) Divisions.

Project and interview will be placed separately awarding 1st – 8th place for each category.

High Point Club

- A club's enrollment for the High Point Award would be the club's official enrollment number at the time of the Fair Class Entry Deadline. This includes:
 - A minimum of 5 horse members is required
 - Any member who decides not to exhibit or show at the Fair
 - Any member excused from exhibiting or showing at the Fair through a veterinarian or doctor excuse
- A club's total points will be accumulated and computed in the following way:
 - Each member's top 3 placing classes plus their test score will be added together for a total. All members' scores will then be totaled and divided by the number of horse members enrolled resulting in a Club Average.
- Clubs will be placed based on their overall point average and receive ribbons 1st through 8th.
- Class Point System

1 st :	25 points
2 nd :	24 points
3 rd :	23 points
4 th :	22 points
5 th :	21 points
6 th :	20 points
7 th :	19 points
8 th :	18 points

Classes with 5 or less entries, all participants will receive 10 points. Members showing in a class but not placing will receive 10 points. Scratching a class will result in 10 points for that class. Total overall Fair competition points consists of: Top 3 Classes and Test.

Test Level Guidelines

All 4H horse members (including Horseless Horse) must take a test each year. Each member will need to purchase the appropriate test book from the extension office. Advisors have an order form in the binder that you received from the extension office. Additionally, each member should purchase a Uniform Rules of 4-H Horse Shows book to know the rules for their show classes at the fair.

Members should begin with Beginning Horse Management (Project 174). This book is divided into five test levels as follows:

- 174 – Test Level 1 (pages 17-50)
- 174 – Test Level 2 (pages 51-64)
- 174 – Test Level 3 (pages 65-80)
- 174 – Test Level 4 (pages 81-94)
- 174 – Test Level 5 (pages 95-146)

New members must start with Level 1 regardless of age. Members must complete Levels 1-5 in order and then they move on to Letter Levels.

The Letter Levels may be done in any order and members are tested over the entire book. They are:

- Level A – 175 Light Horse Selection
- Level C – 188 Trail Riding
- Level E – 177 Horse Training
- Level F – 180 Learning to Jump
- Level G – 184 Standardbred Horses
- Level H – 181 Draft Horses
- Level I – 189 Dressage
- Level M – 182 Small Equine
- Level N – 186 – Gymkhana
- Level R – 187 Roping

A member may stay in a level for a second year if they scored less than a 22 on the test. Any score of 22 and up automatically moves up to the next level. After a second time of taking a test level the member moves up to the next level regardless of the score.

Any member needing a reading will be provided one by someone not in their own club. Please discreetly notify the test committee which members need one.

Test Level Trophies

- All members with a perfect score of 25 will be given an award medallion at the Awards program Saturday morning.
- Test Level Trophies will be determined by the highest score within that Level by someone not receiving 1st place in one of their horse classes. If there is only

one person in a given quiz level, they will receive the quiz level trophy.

Evaluation is based upon the creative and professional use of technology, as well as the ability to communicate a message, with a clear opening, body, and conclusion. Presenters will introduce

themselves and the title of their topic. At the conclusion of their recording, they may address questions from the audience, followed by an interview with the judge. Presenters are required to furnish their own equipment for this presentation. Audio Visual Presentations should be 6-7 minutes in length. Four points will be deducted for over and under times. Timing of the presentation is from the time the pre-recorded presentation begins and ends. The introduction and questions and answers are not included in the timing.

General Guidelines:

A team demonstration consists of two people sharing the speaking and teaching roles. When members of a team fall into different age categories, they will participate in the older class.

Due to the limitations of the building, no large animals (i.e., Horse, Beef, Sheep, Goat, Dairy, or Hogs over 20 pounds) may be used in a 4-H Demonstration. Members should use models, photographs, or illustrations to make their point when giving a talk about large animals.

Any small animals (under 20 pounds) can be used in a 4-H Demonstration (provided that the animals do not place the public at risk and that they meet all of the health requirements established by the Ohio Department of Agriculture Livestock Health Requirements found in the Ohio State Fair Livestock Exhibitor Handbook.) Current health and shot records must be carried with the animal. Animals must remain caged or leashed before and after the presentation.

Members who use PowerPoint with an Illustrated Talk or Demonstration should use the technology to supplement their delivery. The Illustrated Talk may not be pre-recorded narration. The member is required to provide a live delivery of the topic.

**FORMS ARE DUE TO THE SENIOR FAIR BOARD OFFICE NO LATER THAN

Fair Guidelines for Jr. Fair Livestock Projects:

Membership Registration 	All club members must be registered in the online system with projects listed to compete in the County Fair. Due April 1st.	 https://v2.4honline.com/#/user/Sign-in
Fair Registration 	All Exhibitors must submit livestock entries to the fair office in person or online. There is a \$2 charge per exhibitor, one time per year. This is for Jr. Fair and Open Class Exhibitors. Due June 13, 2026	 https://butlercountyohfair.fairentry.com

Here are some helpful resources for making entries in Fair Entry:

Log in with 4-H online: <https://vimeo.com/265821971>

Fair Guidelines for Jr. Fair Livestock Projects:

What to look for when you are registering for Jr. Fair entries through 4-H or FFA.

You will also see this, as well as Cloverleafs, when you are signing up for Open Class Entries. You will use the same login/exhibitor information for Open Class entries as you did for Jr. Fair entries.

Smith, Joe

11/17/2015 • 10 years old (4-H age) • Grade: 4

#123 **4-H Online** Butler • Barryard Rebels

Notice in this example the Green and White 4-H Online listed with the exhibitor's club and information. If you are a 4-H member and you don't see this – DO NOT PROCEED. You are logged in incorrectly.

Smith, Joe

11/17/2015 • Grade: 4

#456 Butler

This example is an exhibitor who is not connected to 4-H Online. This is for Open Class only exhibitors who are not in 4-H or FFA.

Problems from last year:

1. Logged in and registered the exhibitor without adding any entries. This is okay, but you must wait for that to be approved by the fair office before you can add any entries. In some cases, that wasn't understood, so folks created another exhibitor account to put in the entries. This is a problem, because then it's not connected to the 4-H Online account. Solution: put your entries in before you submit your exhibitor. Do this for each member of your family/group all at once.
2. We will communicate with you via email. Watch for your approval or rejection email. No money comes out of your bank account until we approve the exhibitor or entries. Just because you submitted something, it still must be approved.
3. All animals you are bringing to the fair need to be entered and added to the correct entry. You can't sign the same pig up for 3 different classes, or a calf for a goat class, etc.
4. Market animals need to be registered for market classes and Breeding animals need to be registered for breeding classes.
5. If anyone is making entries for an exhibitor, they must use the same username and password as 4-H Online. Don't create an additional exhibitor record.
6. An animal that is registered to come to the fair must stay with the original exhibitor. You don't sign up Andy's 4-H hog for Katie's Open Class entry. If Katie wants to show Andy's hog in Open Class, sign it up in Andy's name and have Katie wear Andy's back tag to show it in Open Class.

Our office is open and we are able to help. Call us if you have questions. And remember, we are also still learning this program. Just sharing what we learned in year one! We appreciate your patience!
